New Orleans, Louisiana

Dedication

BROTHER CAMILLUS ANTHONY

Brother Camillus is congratulated after May 15's Mass, commemorating his twenty-fifth year as a Christian Brother.

During the past 25 years, Brother Camillus Anthony has enjoyed a very busy and productive life as a Christian Brother. He has taught and guided young men in nine different schools, beginning at Franklin, Louisiana in 1934 and continuing on to De La Salle. Here, he has served as a teacher of English and Latin, and, for the past three years, as assistant principal. This latter job, with its constant contact with the school's problems and activities, has been undoubtedly the hardest but one which Brother Camillus has performed extremely well.

For these outstanding contributions to Christian Education, we, the staff, extend our congratulations and thanks to Brother Camillus, and dedicate to him the 1962 Edition of the Maroon Legend.

Thanks

De La Salle's new gym-student center, now in full operation, is largely the result of the spirit and effort put forth by the Gym Fund Drive Committee of 1960. Working through the Boosters and Mothers Clubs, they have helped to transform the dream of all Cavaliers into reality. The beautiful structure that now stands adjacent to the school served as the center of extracurricular activity during the past year and will undoubtedly see even more frequent use in the future. For giving so much of themselves so that De La Salle could have this splendid building, the Staff of the 1962 Edition wishes to dedicate the theme of the Maroon Legend to the Gym Fund Drive Committee of 1960.

The Seniors Get Their Rings

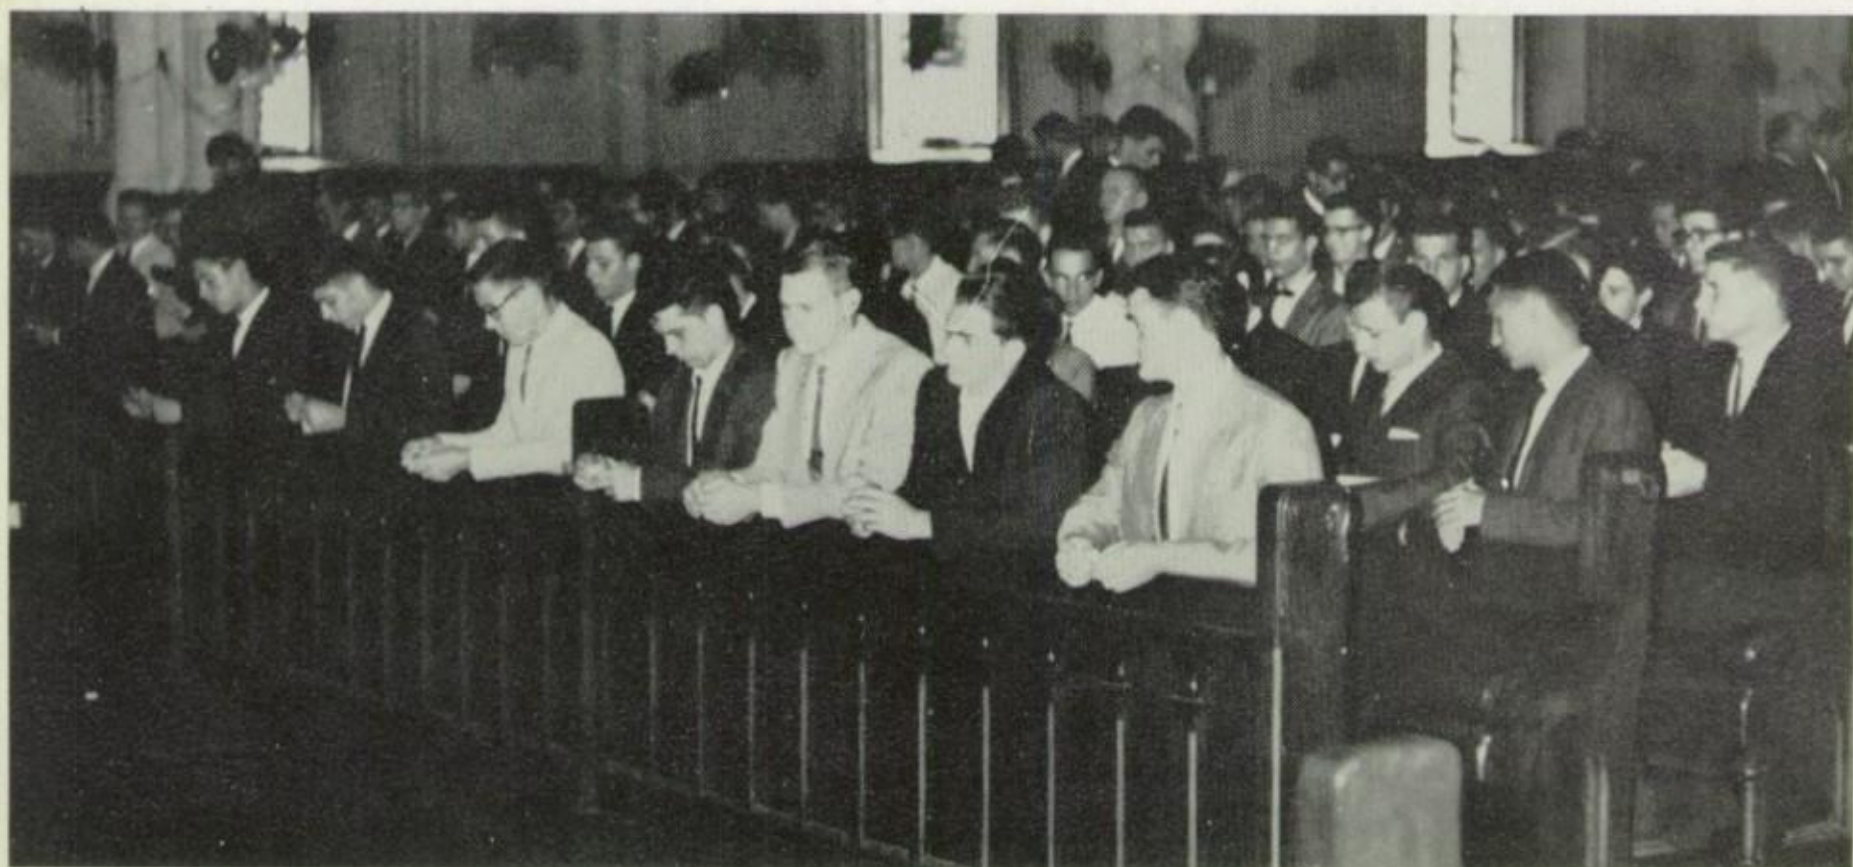

If there were any members of the class of '62 who began the school year unable to believe that they had finally become seniors, this situation was cured one Friday morning, when all 218 seniors received their rings. Held at St. Stephen's Church, the ceremony consisted of Holy Mass followed by a brief address by Father McCarthy concerning the meaning and responsibility of being a senior. The rings were then distributed to their anxious recipients and the class of '62, "officially" seniors went home to enjoy a holiday. Celebrations continued at the following night's Senior Ring Dance which concluded this very happy and memorable occasion.

A long awaited moment.

The Fall Festival

Early Sunday morning, the De La Salle school yard resounded with the noise of hammers and saws hard at work. It was only a few hours before the annual fall festival would begin and so everyone was busy putting the finishing touches on this class booth. At noon, everything was complete and what had previously been a physical education field was now the location of a gay and festive carnival.

In no time the festival was in high gear and the crowds that packed the many booths and concessions enjoyed themselves until midnight. Dinner was served in the cafeteria for those who could find time to eat. Raffles took place all day long and happy winners walked away with wine, groceries, and even baby puppies. As usual, "Dunk the Alumni" proved to be the most popular sport of the occasion.

The evening activities were highlighted by the drawing of the ticket winning the '61 Rambler entrance prize. Dance sessions were also held with the popular music of the Contours entertaining the crowd in the DLS Assembly Hall.

But before one could realize it, the fun and activity had concluded. The 1961 Fall Festival, thanks to the combined effort of the Mother's and Boosters' Clubs, had been a greater success than ever before.

Pep rally activities were highlighted by the mock funeral of De La Salle's opponent.

Homecoming Weekend

Highlighting the fall months of each school year is Homecoming Weekend. To a Cavalier, this spectacular event signifies a great many things. First of all, the ceremonies and activities which comprise Homecoming always provide fun, excitement, and surprises, as well as very happy memories for all who take part. For a freshman, it may offer the opportunity to attend his first big high school dance. Seniors, on the other hand, will be more concerned with having their girl friends selected to the Homecoming Court. Everyone has his own special interests but one thing is certain: if you're a part of De La Salle, you'll enjoy Homecoming Weekend.

The 1961 celebrations began Friday night at the Tulane Room of the Jung Hotel with the annual Homecoming Dance. Here Cavaliers and their dates enjoyed the rock and roll style of Eddie Boe and his band.

Saturday evening the scene of activity was switched to the DLS school grounds where the traditional bonfire was held. Here the crowd was entertained by the Cavalier band, the cheerleaders and a presentation of the Homecoming Court by student council president, Ernie Carrere.

Queen for 1961 was pretty Suzanne Hug of Mercy Academy. She and her court of six attractive representatives from local Catholic girls schools were all present in Sunday's Festive Motorcade that drove down Canal Street and concluded at City Park Stadium. Here the Cavaliers Homecoming Game, a 13-7 win over Redemptrist, provided the perfect finish for the biggest weekend of the year.

The Saturday night bonfire of 1961 burned higher than ever before.

Dec. 15

The Best Pep Rally in Cavalier History

As a rule, De La Salle's pep rallies are noisy and spirited, but the one held on Dec. 15 outdid them all. This is not hard to understand when one considers the circumstances of the event. First of all, it took place on the eve of the State Championship Football Game and every Cavalier wanted to show his appreciation to the coaches and players for their excellent season. The location of the pep rally was also very important because, for the first time, De La Salle's entire student body assembled in their new gym! After over a year of watching the huge building under construction, the Cavaliers were getting to use this very glamorous addition to their school.

Excitement and Variety at the Talent Show

Down by the river side.

Brother Michael, the man behind the show.

Eight years old and a culmination of four months of hard work and cooperation - two expressions descriptive of De La Salle's Talent Show. Yes, the Eighth Annual Talent Night was a culmination of hard work and cooperation, indicating the importance of its being a success, for what could mean more to all those who had a hand in the show than seeing it bring honor to the school's name. And without a doubt this year's show was a success - its variety and color will be remembered for a long time.

Leading numbers from 1962's performance included a dance number from the musical hit, "Gigi." Colorful costumes together with the experienced choreography of Miss Gayle Parmalee merited the "Chevaliers of 401" the first place trophy. Earning second place in the field of dance numbers and equally as colorful was "Polka Party" choreographed by Miss Carol Winn. A pantomimed skit, entitled "The Rent is Due," took the audience back to the "flicker movies" days of the 1920's in a delightful and humorous manner. Then in the category of band or combo, a group known as the St. Charles stompers rendered their version of "Dippermouth Blues." Mike Delarosa's excellent drumming exhibition earned top prize among the solo acts.

Talent Show Celebrities

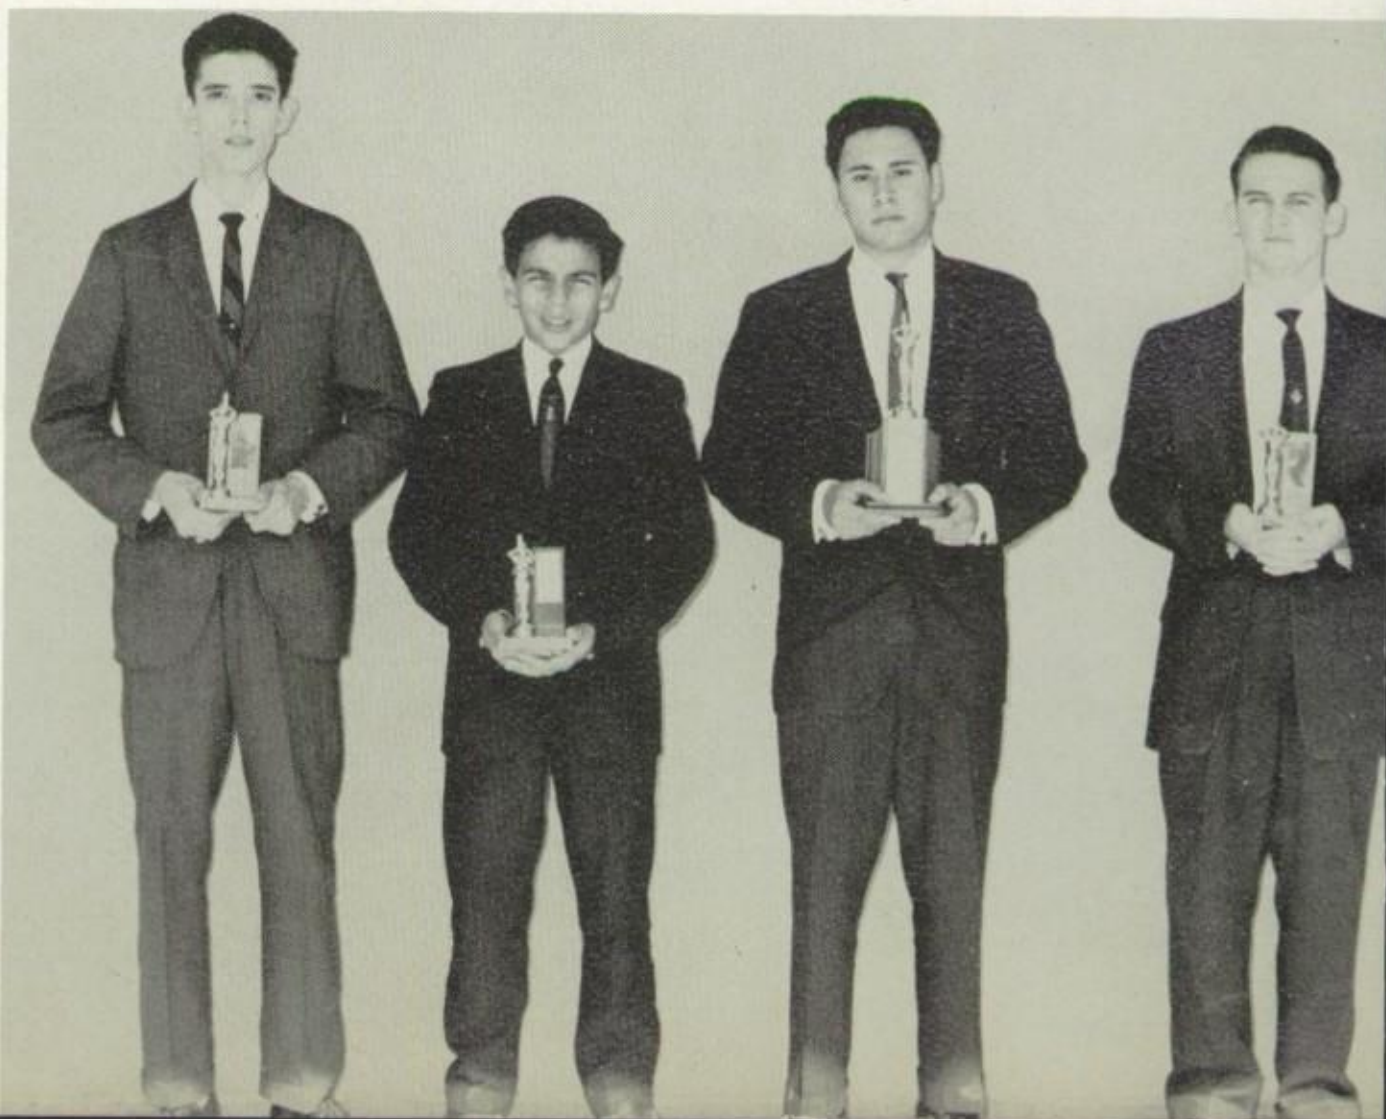

With all this fine entertainment, however, the presentation of the "Cavalier Sweetheart" and the other De La Salle Sweethearts remained the highlight of the Talent Show. The presence of Mayor Victor Schiro added to the excitement of the evening and lent an atmosphere of formality to the presentation of the Sweethearts. Mayor Schiro, assisting Brother Cassian awarded the Sweethearts with favors and later commented that he was surprised to find such talent in De La Salle's students - that is, aside from their athletic achievements.

Mayor Schiro also said that he is looking forward to a bigger and better DLS Talent Show next year. We Cavaliers feel the same way.

Politics in the Air

Throughout the year, signs and posters played a big part in adding color and spirit to Cavalier activities. But during the week prior to May 11, a different type of poster adorned the walls of DLS. It had a spirit, style, and message all its own. The only way to describe the prominence of this sign along with the bulletins, circulars, and speeches that accompanied it would be to say that politics was in the air. It was the week of student council elections and hence the week of 1962's five outstanding tickets: the Magnificent Seven, the KKK (Keep Kampus Klean), plus the Dynamic, G. E., and Vanguard tickets.

All five groups conducted vigorous campaigns which included everything from dramatic night-time rallies to enthusiastic demonstrations during lunch period. The result of such efforts was the closest voting in years. Not one candidate held a majority and run-offs were held a week later for all five offices. Again voting was tight, but this time the five worthy winners were chosen. Larry Schoolmeyer, Tom Daly, Keith Graffagnini, Ronnie Scott, and Glenn Montreuil will have the important job of running De La Salle's Student Council during the coming year as President, Vice-President, Secretary, Treasurer, and Student Representative respectively.

St. La Salle Day

In 1684 St. John Baptist De La Salle founded the Christian Brothers, a religious order whose work in the teaching profession has since affected the entire world. May 15 - is the feast day of this great saint and DLS students observe the occasion by attending Holy Mass at St. Stephen's Church. The past year's ceremonies had a special significance, for they honored not only Saint La Salle, but also four Christian Brothers who had completed their 25th in the profession. The Jubilarians were Brothers Camillus, Joseph, and Cletus from De La Salle and Brother Frederick from Christian Brothers' School. These four men heard May 15's mass from special altar pews and then listened to a brief talk by Archbishop Rummel who described the work they had done for Catholic Education and explained just how important this work was.

When the ceremony concluded, still another attraction awaited everyone. For the students, it was the traditional holiday. For the brothers, it consisted of a special champagne luncheon held in honor of the Jubilarians.

Varsity Football Second in State

From the opening win over the Fortier Tarpons to the final battle for state championship, the 1961 Cavalier football squad proved itself to be a team that any school could be proud of. Victorious over eleven of their 13 tough opponents, the Cavs played swift, precision football that provided the prep race with scores of unforgettable moments. On offense the team worked from a wing-T which featured explosive long range scoring thrusts both on the ground and through the air. Defensively the Maroon and White were among the best, making up for their lack of size with aggressiveness and teamwork. Another very noticeable aspect of the '61 Cavalier's was the real competitive enthusiasm that carried them through the many rough spots that led to second place in the state. This spirit, as well as the teams excellent record was largely the product of head coach, Buck Seeber and his two assistant coaches, Leeman Mac Henry and Sid Theriot. They provided their players with the experience and leadership necessary for success.

JV Football

Proper training is important to any athlete and, in the case of a DLS football player, an important part of this training is received through the JV gridiron squad. The Junior Varsity had a busy season in 1961. Besides acquiring the fundamental abilities and learning the basic strategy they will use next year as varsity members, the team also participated in nine games. Lead by their coach, Ed Stassi, they earned a record of five wins, three losses, and one tie. In their most important game, played at Houma, the team came through with an impressive victory.

Varsity Basketball

State Champions

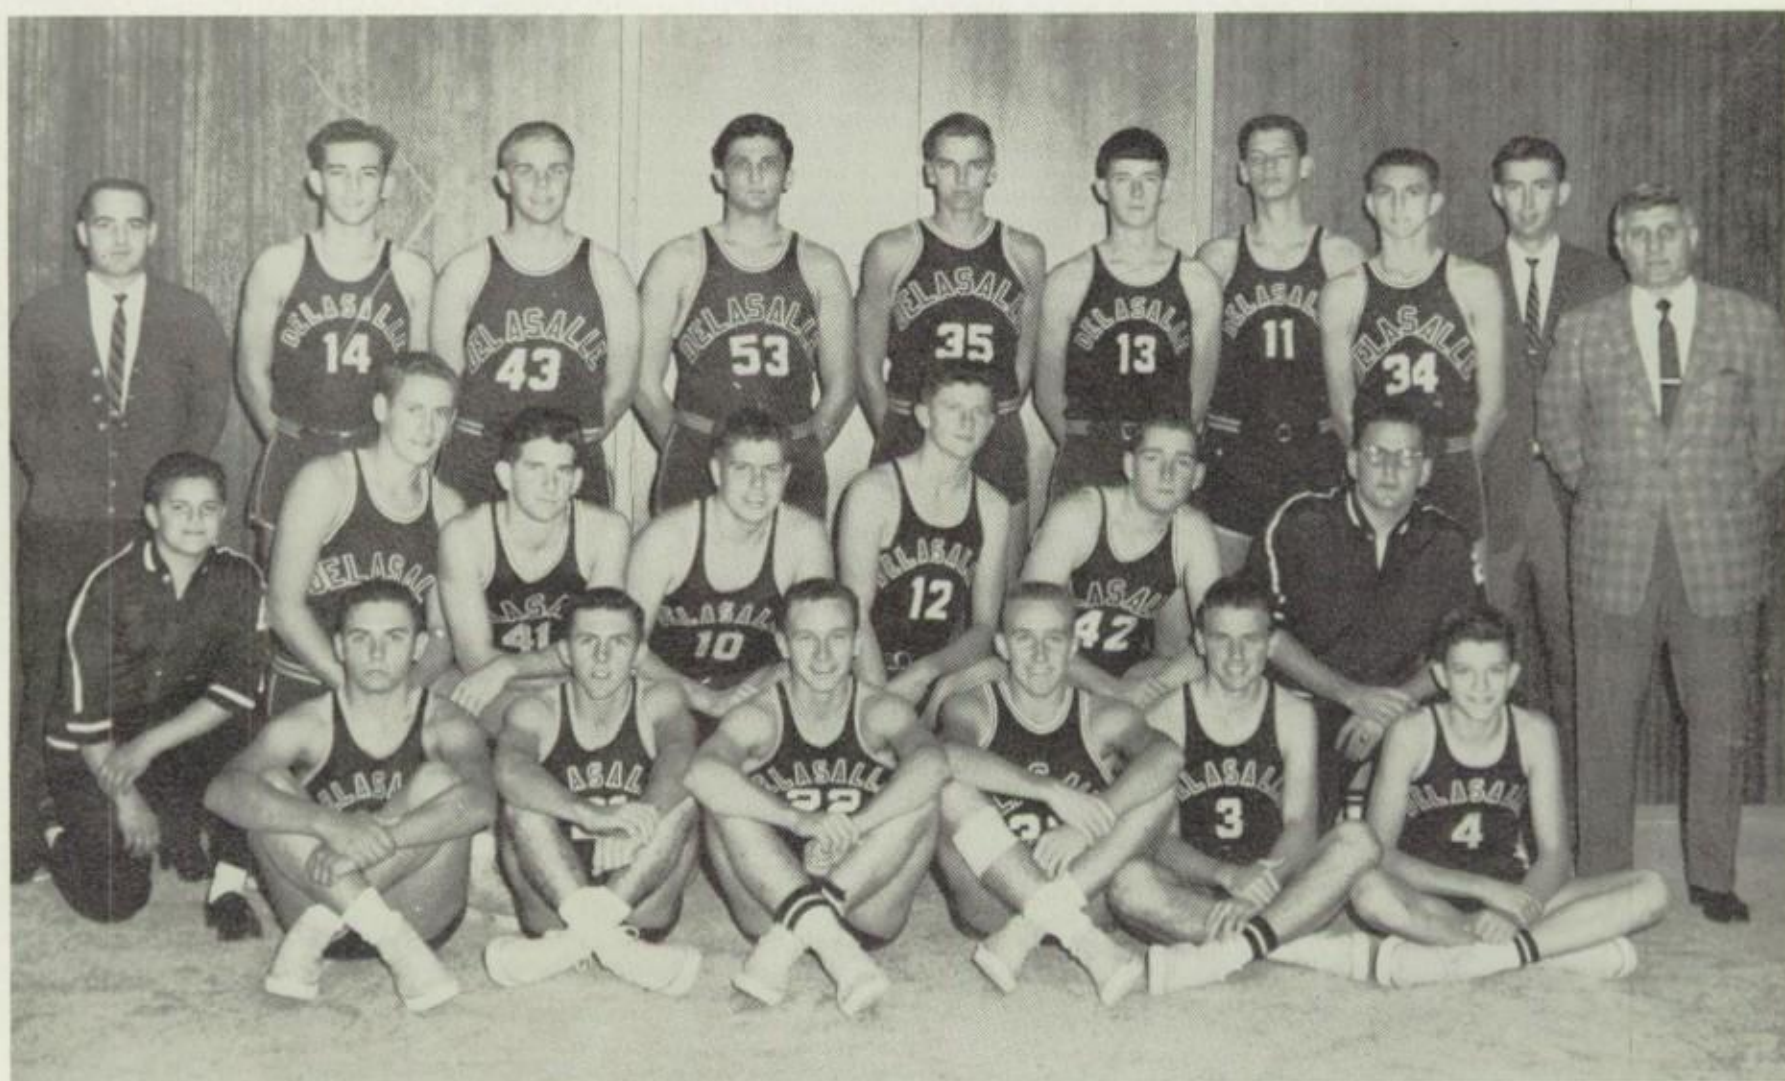

Before the 1962 season started, De La Salle had a basketball team with good potential, a reputation for doing well on the hard court, and a very demanding schedule of 42 games before them. On March 10, when the cage activity had concluded, the Cavaliers had produced ability and improvement from the potential, dramatically lived up to their reputation, and had before them the trophy for the Louisiana AAA State Championship. There were 37 Cav victories in all and, if a survey were taken, any one of a dozen could have been named as the most exciting.

Their early season first-place finish in the Picayune Invitational Tournament was an important conquest for the Cavaliers, giving them the confidence and poise they needed. Next came the CYO Tournament and a third place finish which showed the team that winning the Catholic League Championship wouldn't be easy. But 18 games later the task was accomplished: the Cavs had won the Championship; a convincing 58-44 win over the St. Aloysius Crusaders had clinched the crown. During the three state play-off games that followed, DLS outplayed three more worthy opponents and continued to exemplify the effectiveness that team play and strong defensive basketball can produce. The climax came at Shreveport when the Cavs again defeated the Crusaders in an intensely exciting finale for the State Championship.

The final event of the season came soon after this: Coach Johnny Altobello was chosen top prep coach in the State of Louisiana.

J.V. Basketball

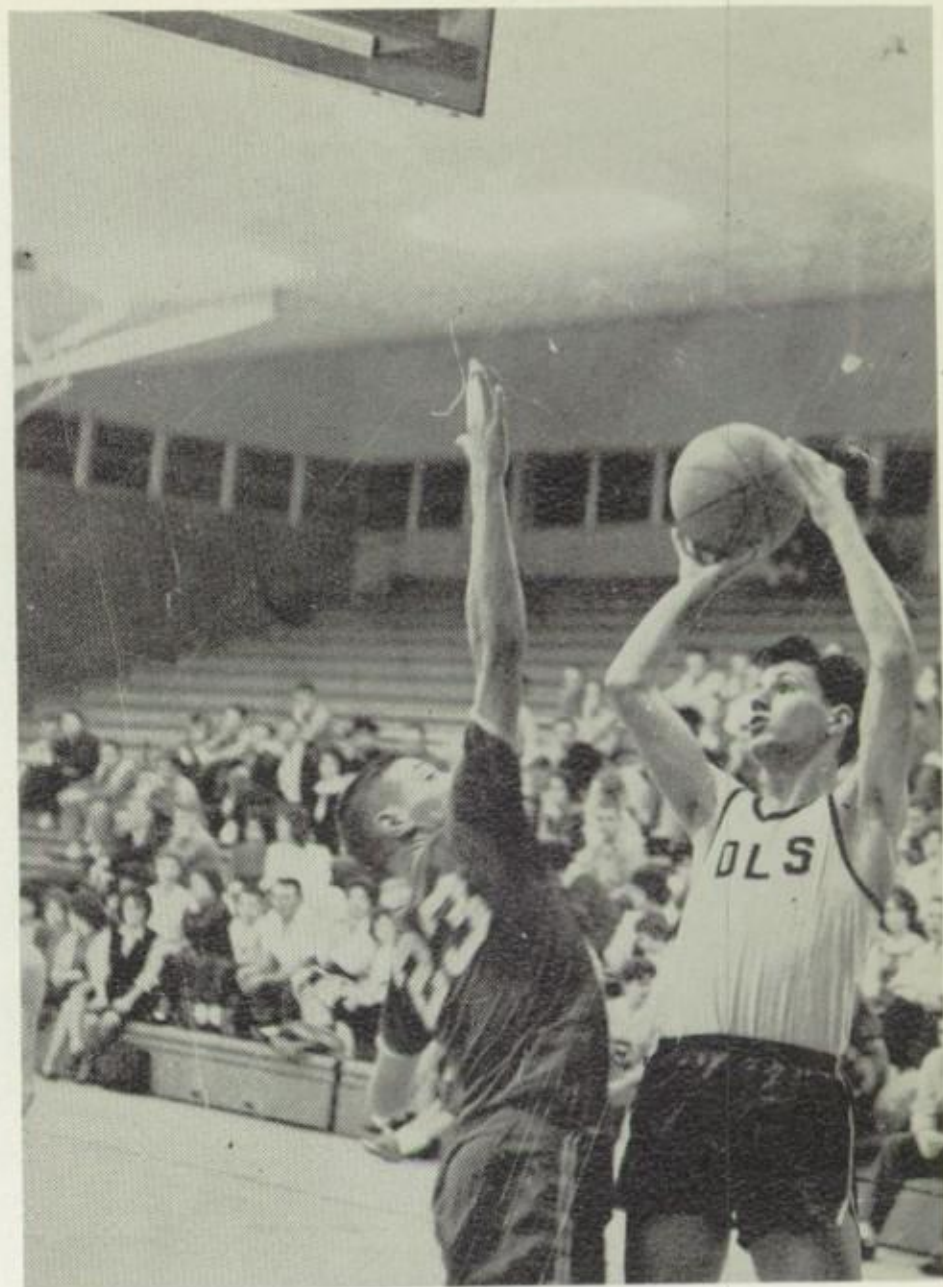

Paul Pietri's Baby Cavs wasted little time in showing that they were the team to beat in the Junior Varsity Race. Beginning the season with 19 consecutive wins, the squad exhibited a quick, sharp-shooting attack that stunned its taller opponents and clinched the first round championship. But then came a pair of setbacks from the improved Aloysius and Holy Cross teams and the Baby Cavs dropped to second place. How they came back to win the second round and city championship was quite a story. It included a come-from-behind 6 overtime win over Jesuit and finally a thrilling 41-40 victory over St. Aloysius. This required some excellent basketball from a team which could, as Assistant Coach Jack Smith would say, "run a little faster and jump a little higher."

Varsity Baseball

The De La Salle baseball team played a hot streak that lasted all season. Their New Orleans opponents discovered this fact rather quickly as the Cavaliers swept through the Catholic League schedule with eight consecutive victories and then went on to fashion a pair of shutout wins over East Jefferson in the Louisiana AAA play-offs.

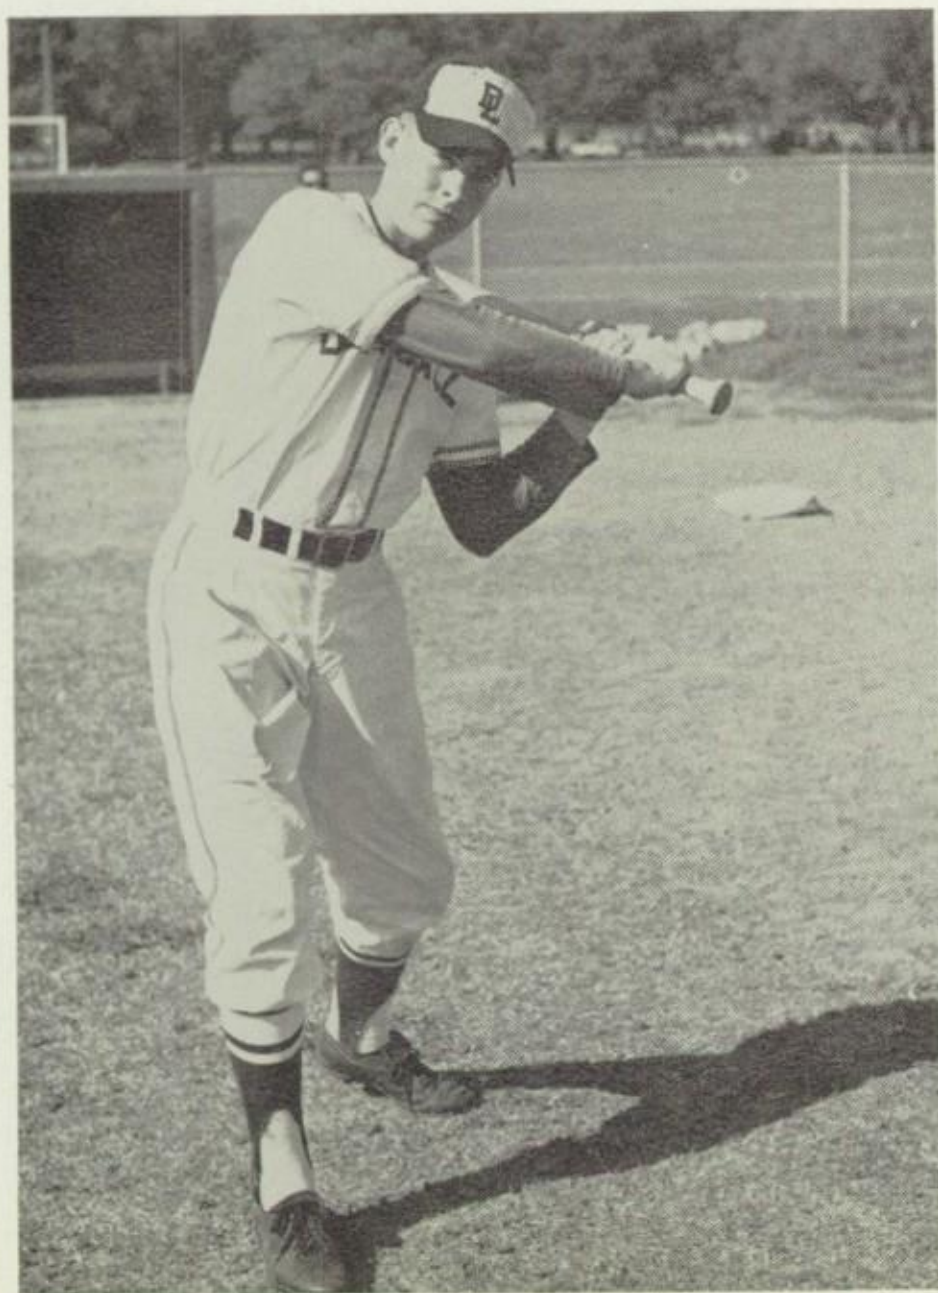

But it was in the state finals, a three game series against the Istrouma Indians, that the Maroon and White truly distinguished themselves as a sound, well-balanced team. An opening loss to the tribe failed to discourage the Cavs who struck back two days later with ten runs and an excellent shutout pitching performance by Richie Schmidt. The following afternoon saw DLS's other mound ace, Elton Remondet, baffle the Indian batsmen and lead De La Salle to their second state championship of the year. Their record of 12 victories and one loss was the result of a timely hitting attack, superb base running, an unusual bursting ability, and constantly fine efforts from the pitching staff. This performance was the work of a young team, one which improved as the season progressed. It goes without saying that Head Coach Johnny Altobello and Assistant Jack Smith played an irreplaceable part in their advancement.

Baseball

"Good Pitch, no hit" is an old baseball expression that could be applied to a young '62 JV Baseball team. You could also add good fielding to the summary of the past year's Baby Cavs who displayed themselves as a fine defensive ball club. Their losses, eight in all, were close, especially those 3-2 and 2-0 decisions against champion St. Aloysius. The wins were also exciting with the season closing 3-0 victory over Jesuit standing out in Head Coach Paul Pietri's mind.

Track

Guided by the head mentor Buck Seeber and assistant Ed Stassi, the 1962 Cavalier Track Team compiled an impressive array of accomplishments and set two important records. Their successful performances included a second place finish in the Terrebonne Relays against some of the best competition in the state and then a decisive conquest of the St. Aloysius and Holy Cross squads in a triangular meet held at City Park. Only a determined Jesuit mile relay team barred the Cavs from winning the district championship.

Pole Vaulters: C. Lannes, P. Summers.

Hurdlers in Action: Cloyd Van Hook and David Moore.

Record-Breaking Cavalier Sprinters: Eugene Smith, Rudy Philibert, Joe Guarnieri, Paul Erny, and Butch Coco.

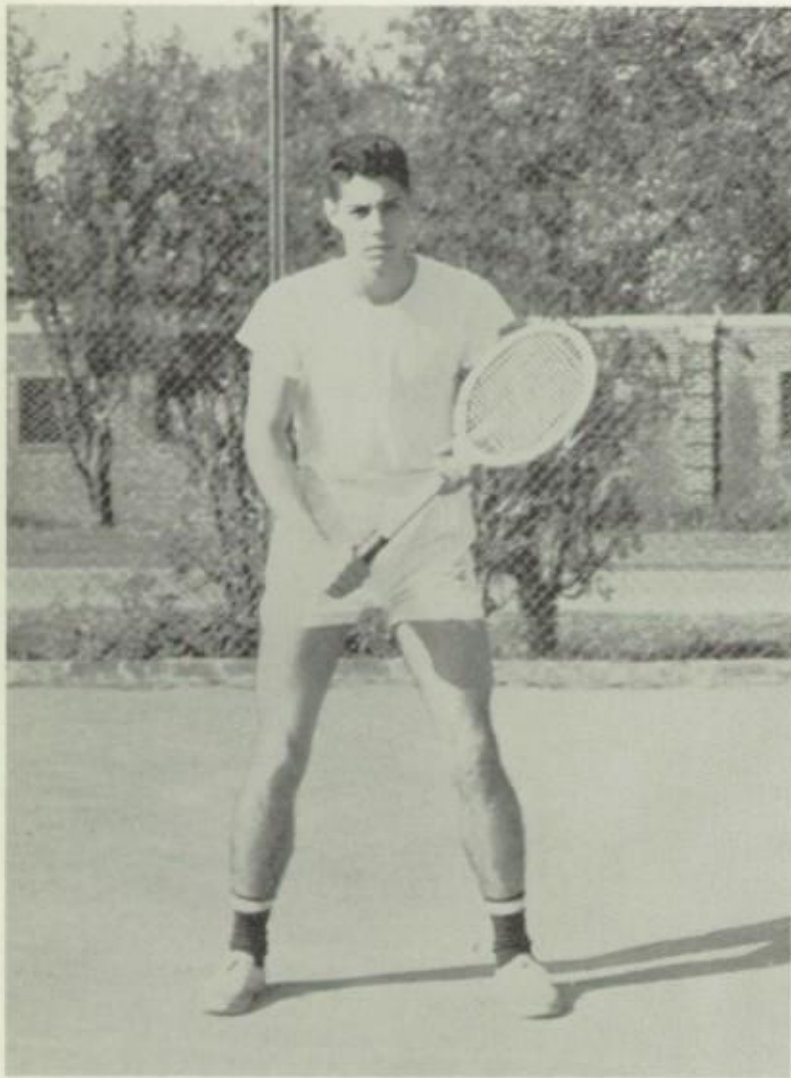

John Gervais was DLS's top Broad Jumper.

Philibert completes 440 relay team's record effort of 44.9 seconds.

Building up strength and stamina for the long runs ahead are distance men: Earl Stumpf, Merrill Hall, Ted Cabali, M. Young, and L. Nelson.

Tennis Team

The 1962 Tennis team was a very dedicated group of athletes - practice was held throughout the year at the rate of about three times a week. Real competition, however, came in the spring months when the squad split a pair of decisions against St. Aloysius and then played N. O. A. to a 2-2 deadlock. Tennis captain Jack Pradillo and Frank Lamothe later represented DLS at the State Rally tourney where they reached the semifinals as a doubles team. Lamothe also earned a runner-up trophy in the singles event, losing in the last round to Jim Beste of Baton Rouge.

Under the direction of Brother Andrew and Butch Trellue, the Cavalier swimmers were tops in the city during 1962. Victories were scored over Warren Easton, Country Day, Jesuit, and NOA, the latter being earned by an exciting 72-71 margin. Outstanding tankers were captains Finn Gotaas, high point man, and John Tarantino, city record holder in the 400 yard free style. They, along with nine other DLS swimmers worked hard all year long at the YMCA pool. The result was the best swim squad De La Salle has ever produced.

Junior Division Bowlers

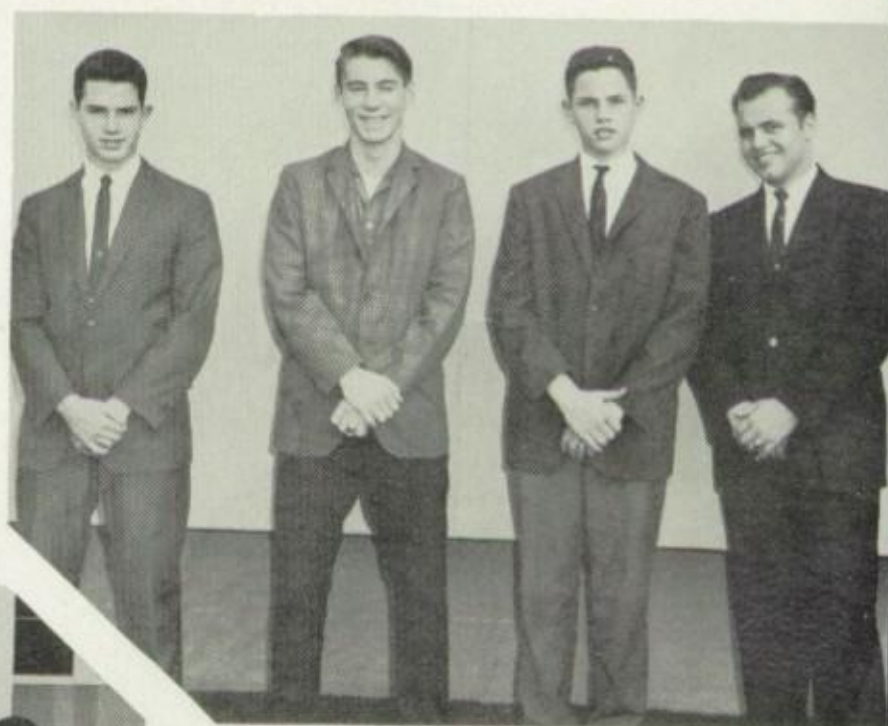

Winning team in junior league: D. Rittner, D. Isidore, R. Lind, and F. LaNasa.

Bowling

Over the years, the DLS bowling club, sponsored by Mr. Bercegeay, has continually grown in popularity and student participation. During 1961-62, over one hundred boys established four man teams and enjoyed intramural competition every week. Junior and Senior leagues were formed and the winners of each received trophies. The squad received little recognition compared to the other athletic teams but, membership wise, it's the top sport at DLS.

Senior League Participants

Top Senior Bowlers: W. Douglass, J. Reynolds, J. Puglia, and N. Armstrong.

Archery

Under the guidance of moderator Brother Justin, the Archery Club has progressed and become an activity of skill and fun. Meetings are most frequently held on Saturday mornings at DLS where bows are raised and arrows fly towards large straw targets. Archery Club members also saw action outside of school in various tournaments and intramural competitions.

At the Audubon Golf Club: J. Quackenbos, F. Wells, C. Duke, E. Koschel, R. Wingerter, R. Kearney.

The golf team was another DLS sport organization that made significant development during 1961-62. The squad was moderated by Mr. Alvin Murphy, who, during the spring months, organized matches with local and out of town teams. Two encounters with St. Aloysius saw the DLS golfers drop a 12-15 decision and then come back to earn a 13-10 victory. The Gumbel Memorial Tournament followed with all the major high schools in the city participating. Sophomore Frank Wells met some rough competition in the first flight of this tourney but carried away the runner-up trophy. A match with St. Paul's High School rounded out the golf team's season.

CCD

The Confraternity of Christian Doctrine is a popular religious club at De La Salle devoted to spreading the teachings of Christ. Its members devote their spare time to learning how to spread the faith and finally to actually teaching youngsters the basic facts of the Catholic religion. Not unlike the vocation of the apostles, who were charged by Christ to "teach and baptize," the members of the C.C.D. have charged themselves to do that very same task.

Their two missions are at Lafitte and St. Joan of Arc where the members conduct weekly classes. Getting up early for that Sunday session isn't easy, of course, but the C.C.D. is quick to admit that they enjoy their work and the stories they relate of classroom experiences are happy and numberable.

Benildus Club

The Blessed Brother Benildus Club is one of the many religious organizations at De La Salle. Its chief purpose is to inspire and financially aid religious vocations from the school. This is made possible through various activities which characterize the Benilde. Two of their annual functions include a vocational exhibit and a day of recollection which usually takes place at the De La Salle Juniorate in Lafayette, Louisiana.

A strictly spiritual organization, composed of approximately 60 boys; on all levels, the Altar Boys perform such tasks as assisting at Mass in the Brothers Chapel or at Masses held at St. Stephens, participating in processions for any occasion which may arise, (such as dedication of the gym) or just giving a helpful hand to the Sacristan of the Brothers Chapel.

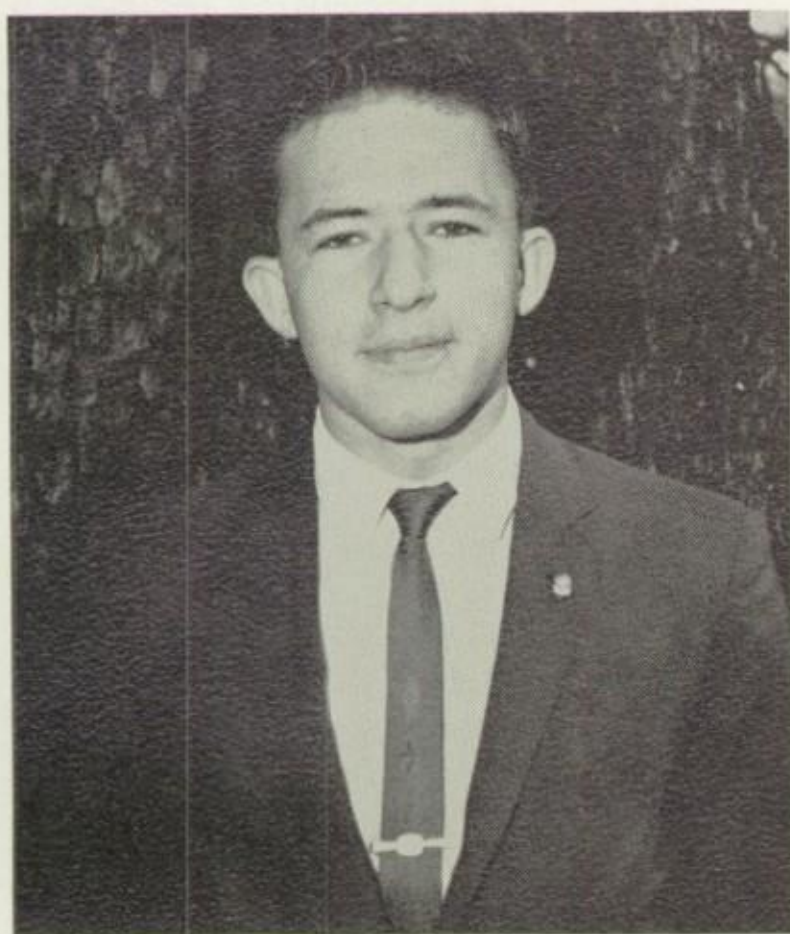

Under the leadership of Bro. Justin, and with his guidance, the Altar Boys can boast throughout the year of jobs well done!

One of the oldest organizations of De La Salle, receiving the least amount of recognition, the Altar Boys show, because of their great increasing interest, much promise for the future years.

Maroon Legend

"There will be an important meeting of all members of the Maroon Legend Yearbook Staff in room 301 immediately after school" - this was undoubtedly the announcement most frequently broadcasted over the De La Salle P. A. System during 1961-62. As a result, room 301 was usually a busy place after dismissal; every type of person could be found there. Most noticeable were the editors who constantly moved around the room, barking out instructions and, at the same time, looking more confused than anyone else. You could usually find a photographer in the crowd also. He was the one with rolls of film in his pocket and a wet print in his hand. And of course, there were plenty of class representatives whose work alternated between laying out their class pages and complaining that the deadline was too soon. A black robe in this mob identified either Brother Abel or Brother Gerard, the yearbook moderators. Their job was to keep this varied group together and make sure the yearbook was out on time.

Cavalier Newspaper

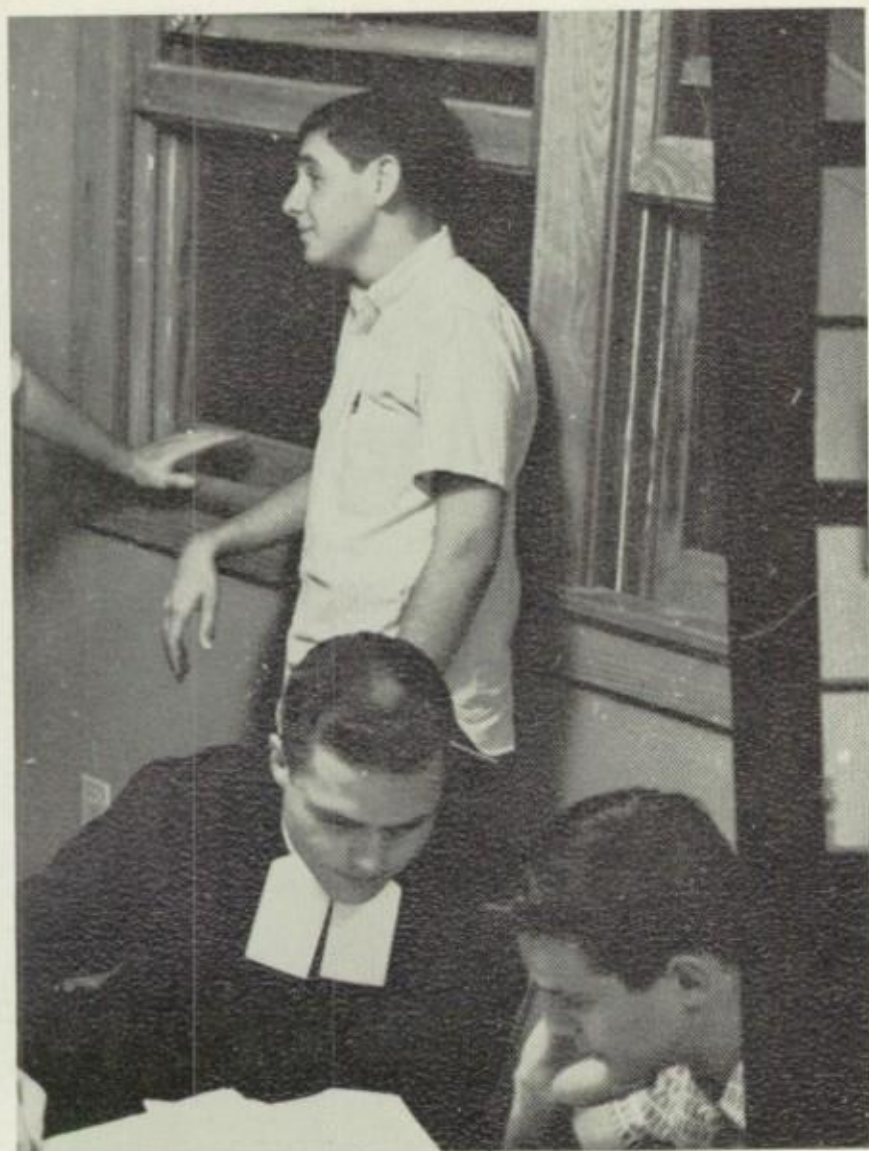

The past school year was a big one for De La Salle; something important or dramatic took place almost every day. It was the duty of THE CAVALIER, energetically moderated by Brother Xavier, to keep up with all these activities. This was done in four issues which differed in form from the previous years' editions. The '61-'62 paper proved to be a balanced combination of a newspaper and a magazine, containing the attractiveness and color of the former while stressing the factual descriptions of the latter. There were pictorial pages such as the one in the final issue honoring the seniors and also special reports on the achievements of the school's alumni. All in all, a lot of work was accomplished, including the construction of a foundation on which the future years will build improvement.

De La Salle's Debate and Speech Clubs, probably more than any other organizations at DLS, have brought honor to the school's name through the hard work and talent of its members. The laurels earned by these students, however, cannot begin to match the invaluable experience gained in speaking ability, not to mention the self-confidence and mental maturity to be developed.

Cavalier Band

Brother August, Band Director

The De La Salle Band is one of two school-sponsored organizations which provide an outlet for the musical inclinations of DLS students.

Practices are held every regular school day morning at 7:45 A.M. In lieu of these, daily drills take place during the football season to ensure a faultless performance at the half-time activities in the weekly football games. Besides football activities, the Band also marches in several Mardi Gras Parades - covering up to a total of 30 miles with a short, quick step.

But these activities, in the eyes of the band members, are only part of an exciting year. The main effort of the band is not in marching, or in playing the many marches learned in practice. This main effort is concerned with concert music. Several concerts are held throughout the year in order to exhibit the musical accomplishments of the band in this field. So excellent are the Band's performances that the band is usually requested to have two or three out of town concerts a year.

For these and many more activities - all carefully planned so as not to interfere with studies - band members who make the grade are awarded a state credit in music each year.

Another De La Salle First: The Cavalier Band gives a concert for the entire student body.

Cavalier Chorus

The Cavalier Chorus affords its members an opportunity to bring musical enjoyment to both family and friends. In addition it gives them a chance to develop their own appreciation of music. Those who are talented in voice also gain the opportunity of displaying and developing their abilities as soloists.

The chorus, under the direction of Brother Herman and Brother Xavier, has participated in various activities throughout the year. The more notable of these are the Mothers Club, and the Archdiocesan Choral Concert, which was held at De La Salle.

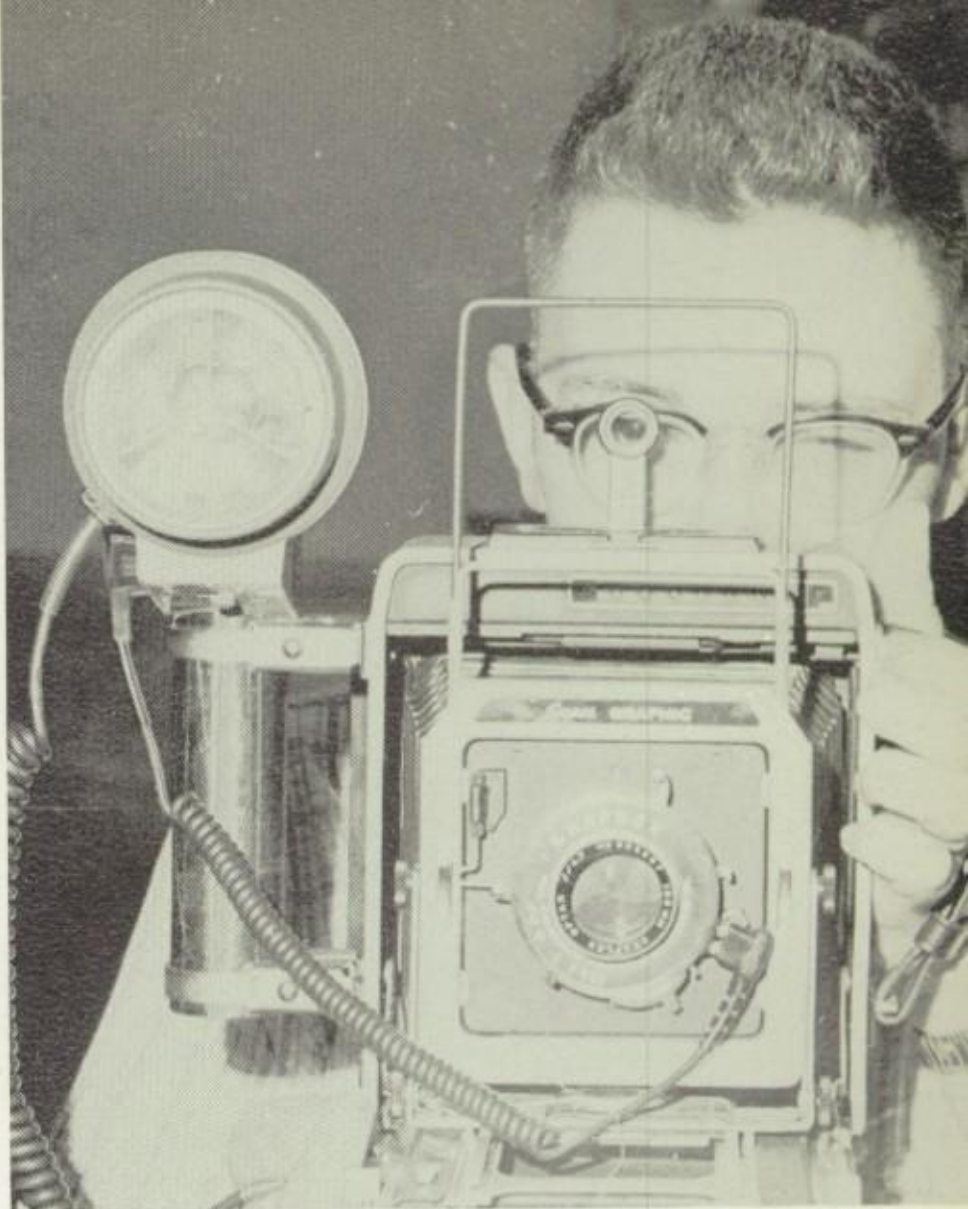

A letter is given to members who have lived up to the requirements of the chorus and received an 87 average. Pins are also given to those who receive a 93 average, or better. Besides these awards, a credit is obtained by members having a passing grade.

Richard Stone,
Head Photographer

Photography

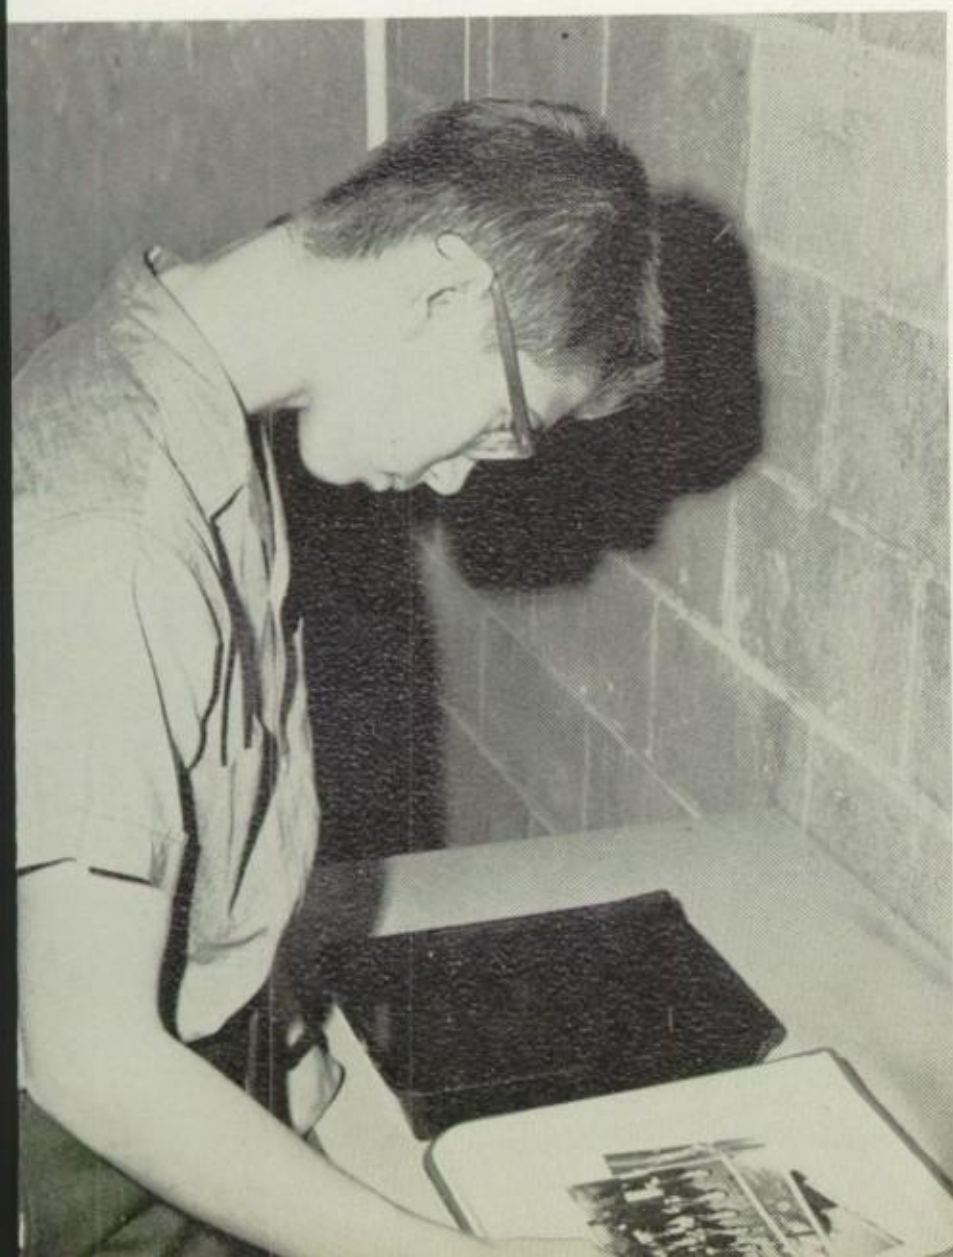

At De La Salle, the Photography Club is much more than an independent organization, for it forms an important part of both the school newspaper and yearbook staffs. The duties and responsibilities of the club members are therefore quite numerous, so that being a photographer at DLS is really a full time job. Heading this year's organization was Richie Stone, a three year veteran and the organization's president. He and the school's other camera bugs continually attended and photographed Cavalier activities during 1961-62. It is to them that we owe thanks for practically all the pictures in this book.

Jets Club

The Jets Club is an organization whose purpose is to familiarize students with the field of engineering. It attempts to give them an introduction into the true nature of this profession, and, at the same time, give them an insight into its various areas of specialization.

Meetings of the club are bi-weekly, each usually having a lecture by a practicing engineer. In addition, Dean Martinez of Tulane University often helps students in problems they might have with their projects.

Mu Alpha Theta

Newest among the scientific clubs is the DLS chapter of Mu Alpha Theta, an organization prominent in high schools throughout the nation. This group's bi-weekly meetings feature mathematical lectures conducted by the members, as well the moderator, Brother Virgil. Highlighting the year was the State Convention held at Tulane University where Cavalier Mathematicians had an opportunity to meet other high school students with similar interests. Next year's convention will be sponsored by the DLS chapter.

Final but important activities of the Math Club included the formation of a constitution and the orientation of the succeeding year's members.

The De La Salle Science Club is designed to give the students who are interested in Science an active program of instruction, which will lend itself to their advancement and edification. The club, moderated by Mr. Gaudin, also provides an outlet, for the club members to express their scientific creativity. The most prominent example of this opportunity is the club's annual science fair, an event which has grown in success and popularity since its formation. Its winners go on to represent De La Salle in regional and even state science fairs held during the spring.

The De La Salle Science Club is affiliated with the New Orleans Junior Academy of Science, whose programs and annual seminars are open to members of the De La Salle science club.

The program of the DLS Science Club is highlighted by the appearance of a guest speaker at each meeting. The topics of discussion are usually those of Chemistry, Biology, Physics, and Electronics. In addition, a radiation laboratory was established during the past year and many students directed their research into this field. Their investigations included studies on the effect of iodine on the thyroid gland of mice and also experiments in suspended animation.

T.V. Technicians

Regardless of date, time, or circumstance, when a person walks into De La Salle, he can expect to meet members of two groups of people. The first is the Christian Brothers who, of course, run the school. The latter consists of a small but proud clan known as the TV technicians, who, in the opinion of many, live in the school. This misconception arises from the fact that DLS's electricians form one of the hardest working Cavalier organizations. Throughout the year they shoulder the important responsibility of maintaining De La Salle's closed circuit TV system in prime running order. This requires constant attention, hours upon hours of work, and a very admirable devotion to duty.

THE WHOLE GANG

CLASS ATHLETES

A w a r d N i g h t s

For most students, award night was on May 23 when the scholastic achievements of the year were recognized. At right, Roger Evans receives one of the trophies presented to debaters.

John Anderson receives the "Johnnie Brechtel" award, signifying the outstanding player in New Orleans.

Basketball Banquet: Sr. and Jr. players are seen here with the trophies they helped win.

Football Banquet: 1961's stars seem happy with their awards.
